PROFILE

Motivated and detail-oriented Computer Science professional with expertise in Java, backend development, and database systems. Experienced in building scalable applications using Spring Boot and REST APIs. Passionate about developing efficient solutions and continuously enhancing technical skills.

EDUCATION

B.Tech(AI&DS), RATHINAM TECHNICAL CAMPUS CGPA: 8.76	09/2023 – Present Coimbatore
HSC, SHAMROCK MAT.HR.SEC.SCHOOL Secured 90% overall score in Higher Secondary Examination	06/2020 – 05/2021 Chennai
SSLC, SHAMROCK MAT.HR.SC.SCHOOL Secured 89.8% in SSLC under TN State Board	06/2018 – 03/2019 Chennai

TECHNICAL SKILLS

PROGRAMMING LANGUAGES Java, SQL ,Python	Backend Spring Boot, REST APIs
Cloud AWS Services	Core Competencies Data Structures & Algorithms, OOPs, Problem Solving, API Development, Debugging
Tools Git, GitHub, Postman	DBMS MySQL, PostgreSQL

WORKSHOPS

DSA BOOTCAMP Completed a comprehensive online DSA Bootcamp by Syntax Error, covering fundamentals of Data Structures and Algorithms and practicing problem-solving across key topics.	11/2025 – 12/2025
--	-------------------

PROJECTS

Certivault - Digital Certificate Management System Certivault is a role-based digital certificate management system built with Spring Boot, using JWT for secure authentication and access control. It enables certificate upload, approval workflows, and provides REST APIs with pagination and filtering. The system also includes analytics for department-wise, year-wise, and category-wise insights. Tech Stack : Java, Spring Boot, Spring Security (JWT), Spring Data JPA, MySQL, Maven, Git, Postman, Render.	01/2025 – 04/2026
Academic Document Q&A Bot (RAG) Developed a Java-based RAG chatbot to extract and query information from academic PDFs like syllabi and timetables using LangChain4j and Gemini API. Used Apache PDFBox for PDF text extraction and built a simple chat interface for seamless document upload and querying. Tech Stack : Java, Spring Boot, LangChain4j, Gemini API, Apache PDFBox, REST API, Maven.	11/2025 – 03/2026

KEY STRENGTHS

- Leadership
 - Adaptability
- Responsibility
 - Teamwork & Collaboration

HACKATHON ACHIEVEMENTS

Techgium Hackathon Shortlisted till Semi-Final Round for the project “AI Enabled Building Automation System.
24-Hour Intercollegiate Hackathon Received Surprise Special Prize for developing a Smart EB (Electricity Bill) Calculating and Controlling System

CERTIFICATIONS

AWS Skill Builder Certificate Completed foundational learning modules on AWS cloud services and concepts.
